Enhanced Restaurant Grades Website and New Mobile Website

County of San Bernardino, Department of Public Health, Environmental Health Services is pleased to announce the simultaneous release of our newly upgraded Restaurant Grades Website and Mobile Website for smart phones (iPhone, Android, and Blackberry).

The updated Restaurant Grades Website brings interactive mapping and simplified search functionality to users wishing to view inspection results for restaurants within San Bernardino County. Visit our website to search for your favorite restaurant’s grade today at www.sbcounty.gov/dehs/restgrades.

The new Mobile Website gives smart phone users a streamlined interface for submitting complaints, viewing news releases and food recalls, and searching for restaurant grades by visiting m.sbcounty.gov/dehs. Use the mobile friendly website to easily report environmental health and vector control concerns such as a suspected foodborne illness outbreak from a restaurant, a substandard hotel or motel, an unhealthy public pool, a green pool in the neighborhood, or bed bugs in your apartment complex.

In addition to these added website features, users can also “Like” our Facebook page and follow us on Twitter by clicking on the Facebook and Twitter icons located on our website homepage at www.sbcounty.gov/dehs. Facebook and Twitter followers will receive updates on food safety, vector control, and drowning prevention. Our Facebook and Twitter pages can also be found at www.facebook.com/sbehs and www.twitter.com/sbehs.

For more information on this new service, please contact the County of San Bernardino, Department of Public Health, Environmental Health Services at (909) 884-4056 or visit www.sbcounty.gov/dehs.
